Buffett is a highly compelling subject, and with Lowenstein's skill, it's easily the best biography I've read of a modern investor, and it's one of the rare books that I will keep and read again. Sun, 28 Oct 2018 03:19:00 GMT Review: Buffett - The Making of an American Capitalist ... - Buffett is the enthralling story of the life and investment philosophy of America's most successful stock picker. Wall Street Journal reporter Roger Lowenstein reveals how the famously sensible investment strategy of buying stocks that are undervalued and hanging on until their worth invariably surfaces is a reflection of the values by which Warren Buffett has always lived. Buffett: The Making of an American Capitalist - Roger ... - This book, "Buffett: The making of an American capitalist" covers very deeply the values that led Warren Buffet during his life from his early childhood. The book is not only a biography per se, but a good manual on investing, that uncovers most aspects, with the detailed

explanations and samples, of investing. Buffett: The Making of an American Capitalist: Roger ... -
