Thu, 15 Nov 2018 14:03:00 GMT EvoDots | Jon C. Herron - In the EvoDots simulation, you will be a predator on the dots. You will eat the dots by chasing them and clicking on them with the mouse. Predict how the population of dots will evolve in response to predation. Explain your reasoning. Now click on the Run button and try to kill a few dots. To play your role correctly, you must act like a hungry predator.
