Analysis Chapter 40. The Body's Defences 3. Disease Transmission and Prevention. Disease Spread Chapter 41. Biology - explorelearning.com - of the most important features of any population is its size. The number of individuals in a population, or population size, can affect the population's ability to survive. Studies have shown that very small populations are among those most likely to become extinct. A second important feature of a population is its density. Skills Worksheet Active Reading -
